ABOUT ME

Creative, resourceful, witty and friendly. I tend to solve problems with optimal solutions and use latest technologies. Besides the fact that I am a fast learner, I consistently make an effort to learn more and improve. With my team spirit and communication skills, I always bring up the atmosphere, and I'm always as positive as I can be. The quality of my work and products is my priority. Also, I am interested in travelling and nature, football and social activism.
